

Wolff's News

You can have a strawberry garden!

If you have a nice, sunny spot in your yard, you can grow strawberries and harvest them this June! Nothing beats

a fresh-picked strawberry right out of the garden!

Finally: We've got a sandwich for kids!

Grownups aren't the only ones who need to grab a quick lunch sometimes! Starting April 4th, you can get a Peanut Butter & Jelly sandwich at Wolff's!

Vegetable of the Month:

ASPARAGUS!

Every year around this time, asparagus stalks peek their little heads out of the ground. Then they grow up tall for us to pick! Farmers and gardeners love to grow asparagus because once it's planted, the stalks keep coming back every spring! That's because Asparagus is a **perennial**.

TIP: If you're trying asparagus for the first time, tell a grownup you want to try "the middle." The texture of the tops might take some getting used to, and the bottoms can sometimes be stringy, but the middle is kind of like eating a green bean!

Can you find me? Look for these things around the store!
